### 1 QUALITY POLICY AND OBJECTIVES STATEMENT

It is the policy of Dairygold Ingredients UK to produce its products consistently, which are safe, and which conform to agreed specifications, and which satisfy all legal requirements and are produced under GMP principles.

We will achieve this by

- Working closely with our customers to ensure that product quality standards are clear and understood
- Working closely with suppliers to ensure that all materials conform to specification
- Providing employees with the appropriate information and training, in order that products are manufactured correctly
- Liaison with the Environmental Health and Trading Standards Authorities to ensure that products and processes satisfy all legal requirements
- Operate Quality Assurance systems which ensure that all critical aspects of our manufacturing process are controlled and monitored effectively

Quality is conforming to the agreed requirements. Do it right first time - Every time
